

## New season and New courts!

Welcome to all new participants to the next junior competition beginning Saturday July 24 – the club now has 18 junior teams involved in the NEJTA competition, making Eaglemont one of the strongest clubs in the NEJTA. Congratulations to the girls in section 1 who have moved steadily up the sections and are the first team from Eaglemont to reach section 1 in a number of years. As you are no doubt aware the new 4 synthetic clay courts have been completed and have proven to be very popular. The fact that the courts do not need to be watered is a major advantage, and most coaching classes in term 4 will be on the new surface. The new courts also handle wet weather more effectively so please note that unless it is raining during coaching sessions it is highly unlikely that coaching classes will be cancelled. In term 3 I will be also be running an afterschool singles match competition for interested juniors – balls will be supplied and it will be a way for juniors to get some additional singles practice. Please see me at the club if your child is interested. I will also be running an additional “high intensity” squad clinic during the next school holidays aimed for some of the advanced juniors. If you have any questions regarding this, coaching, junior competition or joining the club please let me know.
