

Competition players wanted

It's pleasing to see that many of the juniors learning tennis at Eaglemont have benefited immensely from playing in Saturday morning junior competition. Playing competition is an excellent way to put into practise the skills learned at coaching, as well as a way to participate in a fun and social sporting environment. Those coaching participants who are thinking of playing should come along to our tryout morning session which will be held Saturday November 7 at 11am. And if you have any questions regarding coaching or competition just ask myself or one of the coaches. With over 50 children attending the recent September school holiday tennis clinic and tournament please remember to book early for the December & January events.
